## Due Date Calculator

- DDCM can calculate the Due Date, the date of conception, and the estimated time until delivery. - DDCM can calculate a pregnancy duration in days, weeks and months, based on the Estimated Time to Delivery. - DDCM allows you to calculate the number of days of gestation, as well as the number of days until your expected due date, if you have not yet given birth. - DDCM is compatible with a Windows OS and works with 64-bit Windows only. - DDCM is compatible with Microsoft Excel 2007+. - Due Date Calculator is a free Windows application. Just Another Console It's just another console emulator. Sometimes nice to have if you play a lot of games, but not useful for everyday computing. If you're looking for something different, have a look at Dolphin instead! Pregnancy Calculator Pregnancy Calculator is an intuitive, easy to use, pregnancy test calculator. Use it to find out when you are due and how many weeks pregnant you are. It uses your due date (the date of conception) and the current date to show you your approximate due date. This calculator calculates your pregnancy week and pregnancy days. Our new 'How far gone are you?' calendar can be used to see exactly where you are in your pregnancy and what you have to do to make sure you deliver the baby safely. It's free and has a good sized userbase. Why does it say I'm a day too late? We are just doing our own calculations, based on your due date (the date of conception). If you are 24 weeks pregnant, your baby will be a day too late. If you are 25 weeks pregnant, your baby will be a day too late. If you are 26 weeks pregnant, your baby will be two days late. If you are 27 weeks pregnant, your baby will be three days late. If you are 28 weeks pregnant, your baby will be four days late. If you are 29 weeks pregnant, your baby will be five days late. If you are 30 weeks pregnant, your baby will be six days late. If you are 31 weeks pregnant, your baby will be seven days late. If you are 32 weeks pregnant, your baby will be eight days late. If you are 33 weeks pregnant, your baby will be nine days late. If

## What's New in the?

DDCM is a handy application that will calculate a due date, or help you to be prepared for your baby's arrival. The tool has a calendar function and two easy to use text fields (for the due date and the date of conception). Some of the features of DDCM are: Date calculation mode (child, mother and father) Mode of calculation (dated, dated, male and female) Gender (boy, girl, other) Preterm/late How far along (weeks, days, months, years) Tiny calendar (you can choose any month and day) Tiny screen size - to much information on the screen is annoying. Features: \* Date calculation (due date, date of conception, date of birth, date of marriage, child, mother, father). \* Date of conception and date of birth (not birth, as you won't be able to enter a gender on them) \* Parents (father, mother, 'other'), 'other' meaning they are not on your child's birth certificate \* Length of pregnancy (number of weeks, number of days, months, years) \* Number of weeks (days, months, years) \* Male/female (it's usually determined by the parents, not the child) \* Mother (m, f) - You can enter a mother if you are not the mother (for example you are adopting a child) \* Father (m, f) - You can enter a father if you are not the father (for example you are adopting a child) \* Pregnancy (it's more likely to be the mother than the father, but the parent can also be 'other' and then it's your choice. Enter father if you are not the father) \* Mother's Name (m, f) - Enter your mother's name if you are not the mother (for example you are adopting a child) \* Mother's Date of Birth (m, f) - Enter your mother's date of birth if you are not the mother (for example you are adopting a child) \* Child's Name (m, f) - Enter your child's name if you are not the mother (for example you are adopting a child) \* Child's Date of Birth (m, f) - Enter your child's date of birth if you are not the mother (for example you are adopting a child) \* Mother's Email (m, f) - Enter your mother's email address if you are not the mother (for example you are adopting a child) \* Father's Name (m, f) - Enter your father's name if you are not the father (for example you are adopting a child) \* Father's Email (m, f) - Enter your father's email address if you are not the father (for example you are adopting a
