Half Life: Blue Shift ----- Half Life: Game of the Year Edition HalfLife: Opposing Force XYN5-SAB2-NEL2-PUW3-2585 Life 2 -----2489-72270-3566 2133-52724-9483 2538- 92371-0140 Half Life Blue Sector ----- 2638-952-445-697 (all numbers in 9X format) All in all, I decided that I needed 2 things: 1. A high resolution game 2. A game that can be played at 4:3 resolution I went to Steam and all I could get was 1024x768 resolution on HalfLife, HalfLife2 and Alien Swarm. Apparently the game resolution (as well as any other graphics settings in the game) was set to 1024x768 and the video resolution in the Settings menu was set to 800x600.
